

Paxos Crypto Brokerage

The trusted way to add crypto to your platform

About Paxos Crypto Brokerage

Partner with Paxos to offer crypto features to your users with our easy-to-integrate, turnkey solutions. Our regulated financial market infrastructure manages the licensing, custody, and exchange for you, so you can stay focused on your end user experience. By partnering with Paxos, you can offer crypto buying, selling, transferring and more to your users with our API-based solutions.

Our Enterprise Infrastructure

Industry leading enterprise grade products: 99.9+% SLAs

B2B: unlike other crypto brokerage providers, we won't compete with you for retail customers

24/7 platform support and a go-to-market team to support your crypto launch

Access to an ecosystem of third party providers for additional crypto offerings
